Global Permanent Investment Account (GPIA)®

What is the vision: A Global Permanent Investment Account would be created for each and every individual.

It is a gifted, (ideally created when conception is confirmed) lifecycle managed- multiple generations-dividend reinvestment plan- protected principle-asset for income account. Philanthropist will be drawn to its permanent principle attribute.

GPIA is a social and economic development tool. **GPIA** is a brand. **GPIA** is a financial Lean Sixth Sigma model process.

GPIA is not a TAX

GPIA is not WELFARE

GPIA is not a LOAN

GPIA is not COLLATERAL

GPIA is not a GOVERNMENT PROGRAM

GPIA can be placed in the capacity building, asset development, micro savings, personal finance, anti-poverty category.

What is truly different about a Global Permanent Investment Account and its approach to eliminating entrenched, inefficient, resource wasting, hunger producing, development constricting, and humanity depleting Poverty?

1. **GPIA** is an efficient, resource conserving, holistic financial humanity enriching tool.
2. **GPIA** is a paradigm shift that contains certain recognized features of past asset building, anti-poverty tools.
3. **GPIA** is a simple, innovative yet very effective solution to a global complex problem considered unsolvable.
4. **GPIA** makes full use of three never before combined nor applied to the poorest among us, mathematical and phenomenal forces:
 - 4a Compound Interest –
 - 4b Permanent Principle-
 - 4c Dividend paying- individual and index stock companies
5. **Why GPIA?** It combines the best qualities of all the financial tools available today in one simple individually owned and directed account.

You do not need any special skill or license or certification to create and manage a GPIA. GPIA will forever alter the individual's relationship with their assets holistically by allowing them to truly see how a LifeCycle, matched equity account can make a significant difference. Ultimately for GPIA to reach its greatest potential it will need refinement of some specific governance rules from Legal and Political institutions. You can create a GPIA today and without delay. GPIA is a turnkey ready product.

GPIA is self-directed, unless you are a minor. There are two steps. 1. You create a basic savings account at a traditional financial institution for example a credit union 2. You create an account at a Transfer Agent institution, today there are three major transfer companies.

- A. Computershare www.computershare.com
- B. American Stock <https://www.amstock.com/new/InvestorServices/InvestOnline.aspx>
- C. Wells Fargo www.shareowneronline.com

For individuals without the financial means their **GPIA** account will be developed in partnership with philanthropic organizations or individuals.
